Attn: Comments on Docket 92-235

To Whom It May Concern:

As the Manager of Public Safety (Police, Fire, Medical,) radio communications in Lincoln County, Oregon, I have a concern for the life and property of 180,000 persons in a county of 998 square miles, should Docket 92-235 be approved.

Lincoln County has elevations ranging from sea level to 3600 feet. This rugged terrain would be impossible to cover without repeaters.
